The purpose of this questionnaire is to help you and Bar Lazy Y Vizslas determine if a Vizsla is the best match for your family.

The total price is \$2,000 for Females and \$1800 for males with a \$500 deposit due when you are added to the litter waiting list. This includes tail docking, dew claw removal, microchip, full veterinary check and initial vaccines and worming. Any buyer who wishes to have the tail remain undocked will be required to pay for their puppy in full since it is a surgical procedure to have the tail docked once the puppy is older.
